Pre-Purchase Examination Care Plan

Pre-purchase and pre-lease examinations include comprehensive dental, dermatologic, gastrointestinal ophthalmic, neurologic, and respiratory exams as well as a thorough lameness exam to include palpation, flexion tests and under-saddle assessment. Throughout the examination, numerous photographs and videos will be documented and then provided to the buyer. The pre-purchase examination report, inertial-sensor report and blood test results will be sent to the prospective buyer at the completion of the process.

The services below will be performed at the pre-purchase examination at the prospective buyer's request or after consultation with doctor during the examination:

- **Stable Call:** **\$98 minimum**
- **Long Distance Stable Call:** **\$145 per hour of drive time**
- **Pre-purchase Clinical Examination:** **\$810**
- **Pre-Lease Clinical Examination:** **\$650**
- **Gait Analysis with Inertial Sensors** **\$88**
The lameness locator detects and quantifies gait asymmetry using inertial sensors that are placed on the horse. This is performed during the under-saddle portion of the exam.
- **Sedation** **~\$60**
Sedation may be necessary to perform ancillary services such as radiographs, ultrasound exam or endoscopy. This is required for most horses, even if well-behaved.
- **Radiographs**
 - Full Purchase Exam Radiograph Package** **\$1990**
 - A standard set of pre-purchase radiographs requires 36 views to include: front feet, naviculars, all four fetlocks, both hocks, both stifles, the neck and the back. The horse's front shoes will be removed to obtain the best quality radiographs of the front feet.
 - Customized Radiograph Package** **\$65 set up fee/\$56 per view**
 - Specific radiographs may be taken upon request and/or based on the findings during the initial examination. If radiographs accompany the horse, instead of or in addition to radiographs taken during the exam, there will be a \$250 consultation fee.

Credit Card Authorization

It is a GPE policy to have credit card information prior to the pre-purchase examination date. Your credit card will be debited at the end of the day that the horse was examined. If preferred, payment by check can be provided at the time of service. By signing this information form, you authorize GPE to charge your card. If you will be sending a representative or agent you will be expected to pay for all financial decisions made on your behalf by the representative or agent (trainers, veterinarians, etc.). If you prefer, you can call us with your credit card number.

Payment Information:

Credit Card Number: _____
